Biography

I'm Grady Escobar, the owner of Coastal Research, where we specialize in insurance liability limit investigations for personal injury and insurance-related cases. My team and I are dedicated to providing attorneys with critical, timely policy information that helps expedite case settlements and minimizes the need for litigation. Focusing on accuracy and efficiency, I've built Coastal Research into a trusted resource for law firms nationwide, enabling them to deliver the best possible outcomes for their clients. I'm passionate about supporting the legal community with the insights they need to succeed. I'm proud that our commitment to excellence has led to a 99.9% accuracy rate in our work.
